

Society for Socialist Studies - Travel Grant Application 2009

The Society for Socialist Studies *ordinarily* receives a limited amount of funds to disperse for purposes of travel to Congress participants who are organizing SSS sessions and/or presenting papers in SSS sessions. The CFHSS does not make these awards (which are funded by SSHRCC) until April, so we don't know in advance how much funding we will have. We are not in a position to fund the entire cost of travel/accommodation for any of our members; you are encouraged to apply for travel support from other sources. Given the limited funds, we give priority to applications from retired/unwaged, students, new scholars & contract faculty.

If you would like to apply for travel assistance from the Society for Socialist Studies please **complete this form** by cutting and pasting into your word processor or an e-mail message and **send it to Murray Cooke** at mcooke@yorku.ca

Only Society members are eligible for our travel grant awards. You are required to update your membership in order to qualify to have an award dispersed to you at Congress in Montreal.

If you need to fax or snail mail your application send to:
